**WETSUITS:**

Please be aware that as a Regional event we are required to comply with the new FINA rules that apply to water temperature and wetsuits, this applies to all swimmers including masters. The new rules have been incorporated in the full meet conditions for this event and it is recommended that swimmers read these rules so that they have an understanding of the situation. Also on the following page is a statement from Paul Kendall (SE Open Water Officials Representative) and links to the National entry conditions.

As this year is the first year that the FINA rules have come into force with regards the Wetsuits there have not been enough approved FINA wetsuits. As such FINA have sent the directive that for this year it is down to the Referees to enforce the compliance to the new rules. As such any wetsuit which falls within the specifications of the guidelines will be legal for any swims under 20C.

If you wish to have your wetsuit double checked in advance then please email the specific details and a Referee will advise. Most triathlon swimming suits are useable.

We can never be certain but due to the recent high air temperatures across most of the UK we are not anticipating water temperature issues at Bosworth.

## Regional Open Water Swimming Championships - Conditions of Entry

The changes to FINA rules announced during 2016 regarding swimming in water temperatures below 20DegC are now in force. To comply with these changes, the conditions of entry to the [National Open Water Festival 2017](#) now give clear guidance that use of wetsuits will be compulsory at temperatures below 18DegC, and optional (*at the discretion of the competitor*) between 18DegC and 20DegC.

To ensure that Regional qualifiers to the National Open Water Masters Championships or National Open Water Age Group Championships compete under a standard set of conditions at their regional event, it is requested that conditions regarding use of wetsuits at regional events observe the conditions imposed at the 2017 Open Water Nationals.

As the conditions imposed by Swim Scotland for their events differ to those currently being imposed by Swim England, they should not be adopted for regional events at this time.

Details of the Swim England National Open Water Festival 2017, and links to the .PDF documents outlining the conditions of entry are available on the Swim England website [HERE](#).
